Better Seed for Less Money

Joe's Seed Bulletin

An unusual catalog for the distribution of flower seed, seed collected by flower lovers in private gardens, and distributed at a charge, designed to cover the costs of distribution. The Bulletin is published each alternate month.
Joe Smith, Editor, 1722 Madrona Drive, Seattle, Wash.

Vol. 17, No. 4

August 1935

50c a Year

Change of Address

Owing to illness in the family I am moving this month, and my new address is 1722 Madrona Drive, Seattle. Customers and correspondents are urgently requested to send all mail to that address. My Seattle telephone number is East 1871. Joe Smith.

Tulip Bargain Extraordinary

New found friend of mine tells me he has been growing Tulips for 12 years and now has some thousands of them. Account of health is unable to go on growing them. Authorizes me to sell them all, at a bargain price which will insure that they will move promptly. He has some sixty varieties, but as they were not carefully rogued this year he plans to throw them all together and sell them mixed.

On his authority, I am offering you the biggest bargain in mixed Tulips I have ever offered, in twenty years in the business. Don't know just when they will be ready to ship, but probably before August 1. The offer is good only so long as the stock holds out, so if you want to get in on it better not lose any time.

Superior Bulbs

I've told you that we grow better Tulips here than those imported from Holland. This goes for these bulbs. And if you are familiar with Tulip prices these quotations will hit you in the eye.

Mixed Tulips, first blooming size, 100 bulbs for \$2, 1000 for \$12, shipment by express, charges collect.

Mixed Tulips, second blooming size, 100 for \$1.50, 1000 for \$9, shipment by express, charges collect.

Mixed Tulips, planting size, some of them large enough to bloom, 35 cents a pound, by mail postpaid, 10 pounds for \$2.50 by express collect.

If you want 'em get busy. Send your orders to Joe Smith, 1722 Madrona Drive, Seattle, Wash.

New Crop Seed

New crop flower seed are beginning to be received, and more than 40 varieties are listed in this Bulletin. Again let me advise you that it is my practice to distribute only seed of the current season's crop. Many varieties of seed have not yet ripened, and in those cases I offer last year's seed. Soon as the new crop seed is received the old crop seed is thrown away. So far as I know I am the only person in the business who adheres to this policy, the only person in the business from whom you can get this year's seed for fall planting. This accounts for the exceptional vitality of the seed I distribute, this and the fact that this seed is grown by flower lovers in private gardens, is harvested by hand and only the best seed saved.

Fair Warning

Let me warn you again, that many varieties of the rarer seed come to me in small quantities only. As soon as the supply is exhausted these varieties are taken from the catalog. All summer and fall I list many of these rarer varieties, varieties which do not appear in the spring Bulletins. So if you wish to make sure of getting these it is necessary for you to act promptly. Many varieties which I offer for two cents in the fall, you cannot get for less than 25 cents in the spring.

Seed Sent Free

As rapidly as I can reorganize my business to meet certain conditions I am going to quit selling seed entirely, and distribute it free. My plan is this. You see the chief cost of this distribution is the expense of printing and distributing the Bulletin. If those of you who want the seed will pay the cost of distributing the Bulletin, I can distribute the seed as subscription prizes. Just to try this out I will send you 20 packets of seed of your selection, free, with a subscription to the Bulletin at 50 cents. Or 40 packets and the Bulletin two years for \$1.

Daffodils

You will find a general list of Daffodils, Lilies, Tulips, Bulb Iris and other bulbs offered in this Bulletin. I handle but few of them myself. Orders for Daffodils, except King Alfred bulbs by weight, should be sent to the Better Bulb Club, R. 5, Olympia, where they are grown and handled for me by Aaron Kanouse.

Daffodil Bulbs

I no longer grow Daffodil bulbs, but I can offer you the finest bargain you ever saw in King Alfred Daffodils, the finest of all the all yellow, long trumpet, giant varieties. Ten pounds of King Alfred Daffodils, all blooming size, but otherwise ungraded, for \$2.50, shipment by express collect. Ten pounds will produce more than 100 blooms next spring. Shipment will be made about September. Or you can have them sent by mail if you will pay the postage with the order. Joe Smith, 1722 Madrona Drive, Seattle, Wash.

Regal Lilies

I'm still offering the biggest bargain in Regal Lilies you ever saw advertised. Ten pounds of Regal Lily bulbs, all blooming size, but otherwise ungraded, for \$2, or five pounds for \$1.25, shipment by express collect. Or you can have them sent by mail by sending the postage with your order. Send postage for 6 or 12 pounds, so as to include packing. To points beyond the Mississippi river express is materially cheaper, costing about \$1 per 10 pound package. To points in this and adjacent states postage is cheaper, costing about 30 cents. The Regal Lily is the finest of all hardy garden Lilies. Joe Smith, 1722 Madrona Drive, Seattle, Wash.

Candidum Lilies

Next to the Regal Lilies the Candidum or Madonna Lily is the finest and most easily grown of all hardy garden Lilies. It will grow most anywhere, multiplies rapidly, and blooms freely in June or July. It is pure white and very fragrant. I have but a limited stock of Candidums this season, and would like to buy more of them. While they last I offer them at the same price as Regal Lilies, ten pounds for \$2, shipment by express, charges collect. Order from Joe Smith, 1722 Madrona Drive, Seattle, Wash.

Lilies Wanted

I buy Regal and Candidum Lilies from friends who grow them. I have not yet contracted for enough to supply this season's demand. If you live in Washington and have any of these for sale you might write me. Or I would buy any other Lilies I could offer to my customers at bargain prices. In fact I'm always on the lookout for bargains in bulbs for my customers.

My Challenge

I challenge the world to equal the bargain I am offering in the Bulletin in flower seed. Thirteen packages of fresh, hand harvested flower seed, your choice from over 300 varieties, for only 25 cents, postpaid. I am able to do this because good friends supply me with the seed, almost without cost to me,

My Guarantee

I guarantee all seed distributed to be fresh, pure and viable, and to give full satisfaction to purchaser. If any seed I send you does not come up to this high standard it will be replaced on request, either with seed of the same, or seed of another variety. So far as I know no other seedsman in the world makes a guarantee like this. Read elsewhere what purchasers have to say about the quality of the seed I distribute.

Only Fresh Seed Wanted

Just a word to those sending me seed. Do not send me seed of last year's crop. It is nearly time now for the new crop. Send me seed only of 1935 season's growth. Only by holding to this rule can I be sure of distributing only fresh seed.

Prizes For Seed

Persons who send me seed for this distribution will be sent seed of their own selection from my

this I will send each month a prize of 12 Madonna Lilies, 12 Regal Lilies or 12 King Alfred Daffodils, postpaid, to the person sending me the most desirable package of new crop flower seed. Contributions will be graded on three points, the number of varieties (in quantities of not less than one ounce each) of seed not already on hand, the appearance and quality of the seed sent, and the rarity or popularity of the varieties. I cannot divide the prize and send part Regal Lilies, part Madonna Lilies and part Daffodils, for the reason that they cannot be shipped in the same package. The prize for the month of June goes to Mrs. Elizabeth Burrie, Riverside, Calif.

Grape Hyacinths

Royal Blue Grape Hyacinths, Muscari Conicum, with spikes of blue globe shaped flowers in May, fine for the border or for naturalizing, 40c a dozen, \$2.50 per 100. Planting size bulblets for naturalizing \$1 per pin'

Hyacinths

I grow Hyacinths in limited quantities, hope some time to increase the stock, but find them in such demand that I sell each season all I have to spare. Hyacinths grown in the Pacific Northwest give better blooms from corresponding size bulbs than those imported from Holland. Perhaps this is the reason I never seem to have any surplus to plant at the end of the season. This season I can offer only:

Mixed Hyacinths, first blooming size, eight for \$1 postpaid.

Double white Hyacinths, small bulbs, 75c per dozen.

Order from Joe Smith, 1722 Madrona Drive, Seattle, Wash.

More and Better

"Thanks to you I'm having more and better flowers this year than ever. The Columbine seed from your last order has germinated beautifully." Mrs. J. E. Goins, Alexandria, Va.

Better Seed For Less Money

Here's the biggest bargain offer of the best flower seed you can buy. Thirteen packets for 25 cents. You pick 'em. I pack 'em. All this seed absolutely guaranteed to grow, and to give full satisfaction, or will be replaced on request. All this seed, with a very few exceptions, is new crop, 1934 seed, collected by flower lovers, in private gardens, and given to me for this distribution. This list is revised each month. In many varieties the stock on hand is limited, and when exhausted cannot be replaced in seed of corresponding quality. Order promptly and avoid disappointment. Order from Joe Smith, 1722 Madrona Drive, Seattle, Wash.

To Order Seed

Remove the seed pages from this Bulletin, check the seed wanted, write your name and address carefully, and forward with purchase price to Joe Smith, Seattle, Wash. Wash. Experience teaches me that remittances of \$1 or less are secure in an ordinary letter. Stamps accepted on seed orders. To remit a coin put in a used envelope, double the envelope and put it in your letter. A copy of the current Bulletin is sent with each seed order.

Please send seed checked below to—

I enclose.....

Fair Warning

All seeds herein listed 13 pkts. for 25c. No order filled for less than 25c. All orders must be checked on the seed pages of the Bulletin, otherwise I reserve the right to return the order instead of filling it. Be sure and name substitutes, about five with each 25 cent order.

Surprise Bargain

I'm constantly acquiring seed in lots too small to catalog. Some of

this is new, rare or unusual. If you are moved by the gambling spirit and want to take the chance, I'll send you thirteen packages for 25c, none of them listed in the Bulletin.

Seed Bargains

I'll send you ten packets of standard or choice flower seed, my selection, for 15c. Or, if you send me an order of 25c or more, for seed of your selection, I'll send you ten additional packets, of my selection, other than those listed in your order, for 10c.

Scillas

The Scillas or Squills are hardy and vigorous bulbous plants, grow anywhere, bloom profusely, multiply rapidly and are fine for naturalizing, or border planting. I offer them in four varieties.

Scilla Campanulata, giant blue, 75c a dozen, \$4 per 100. Small bulbs 40c a dozen, \$2 per 100.

Scilla Campanulata, dwarf blue, 40c a dozen, \$2 per 100, small bulbs 25c a dozen, \$1 per 100.

Scilla Campanulata, pink or white, 60c a dozen. Stock limited.

Order from Joe Smith, 1722 Madrona Drive, Seattle, Wash.

Oriental Poppies

These are the big hardy perennial Poppies which make such a gorgeous show in any garden. Very persistent when once established as no amount of neglect seems to cause them to run out.

Oriental Poppies, scarlet, 20c, six for \$1.

Oriental Poppies, pink, 35c, four for \$1.

Oriental Poppy, Olympia, double scarlet, 25c, five for \$1.

Order from Joe Smith, 1722 Madrona Drive, Seattle, Wash.

Grape Hyacinths

The Grape Hyacinth, Muscari Conicum, is a dainty little bulbous plant producing in May six inch spikes of royal blue globe shaped blooms. It is hardy anywhere, fine for cutting, forces readily and multiplies rapidly. Every person who grows flowers for sale should have a planting of them. They require almost no care, and produce a wealth of bloom. I have usually sold them for 40c a dozen, and that is my price again this year. But a neighbor has a large planting of them he authorizes me to dispose of this year, and I can only hope to

move them by offering them at an exceptional bargain. So I'm able to offer you five pounds of the bulbs, ungraded sizes, for \$1.25, or 10 pounds for \$2, shipment by express collect. Five pounds should produce 100 blooms or more next year. Ready to ship by July. Should be planted early as they make top growth in the fall. Joe Smith, 1722 Madrona Drive, Seattle, Wash.

It's A Godsend

"I want to thank you for the big package of seed. It's a godsend to flower lovers to have such an opportunity offered them to get good seeds so cheaply." Emma E. Gates, Olalla, Wash.

Tell Your Neighbor

"The healthy looking Regal lily arrived today. Thanks. I told my neighbor, Mr. Rhind, about them and he is going to send for ten pounds, too." Chester N. Gould, Homewood, Ill.

HARDY LILIES

I have grown for me at Olympia, Wash., a few of the finest of the hardy garden Lilies which I am prepared to offer again this year at very attractive prices. In addition to those listed I have smaller quantities of a few other Lilies, some of which may be offered later. Unless otherwise stated the prices of Lilies include delivery by mail or express to all parts of the United States. Order from Joe Smith, 1722 Madrona Drive, Seattle, Wash.

Planting Advice

As a rule Lilies should be planted from four to eight inches deep depending on size of the bulbs and to a less extent, on variety of Lilies.

Are Fine

"Your seeds are fine." Mrs. E. V. Bouceman, Canon City, Colo.

Best Ever

"I have never had seed germinate so well as those you sent me." Mrs. E. H. Crossland, Aspinwall, Va.

The Swelling Chorus

"I want to add my voice to the swelling chorus of your boosters. You have made it possible to have flowers we only dreamed of before. I wish to thank you for the wonderful seed, the extra packages, and my bulbs which are doing a hundred per cent." Mrs. L. L. Robb, Ameri-

You'd Be Amazed

"You'd be amazed if you could see the rows of plants I have raised from the seed you sent last spring." Agnes Pinckney, Hoquiam, Wash.

Good Wishes

"God bless and prosper you, and may the good you do to others, return to you an hundred fold." Mrs. Harry H. Morningstar, Hagerstown, Md.

Were Wonders

"When ready in the fall send me ten pounds of King Alfred Daffodil bulbs by express. I enclose \$2.50. The King Alfreds you sent me a year ago were wonders." H. E. West, Ojai, Calif.

Best Seed Ever

"A friend of mine gave me a copy of your Bulletin and told me that the seed he got from you germinated better than any he ever bought at ten times the price." A. E. Gurney, Brockton, Mass.

More and Better Seed

"I have been wanting to write and tell you how pleased I was with the amount of seed in your packages and the germinating quality of the seed. I think they are even better than those you pay more for." Eldon Miller, Cook, Nebr.

Extra Count

"This is to acknowledge receipt of the Tulip bulbs. I am well pleased with them. Received, also, the nice lot of seed you sent. Every time you pack an order there is an extra count on each item. Thanks." Mrs. J. W. Mellicker, Riverside, Iowa.

Talk of the Town

"I have a clump of Nankeen Lilies which produced 199 blooms on eleven spikes last summer, and this year will have more spikes. Most of the spikes were about 14 feet high. They were the talk of the town. I purchased the original bulb from you several years ago." Rhoda Thompson, Quincy, Calif.

Out Any Money

"When I was a child I had a desire to some day grow flowers and give them away 'out any money'. I didn't think that I'd live to find a person who did that very thing. Wishing you the best of luck and many thanks." Jean S. Ireland, Sebastapool, Calif.

Keep It Up

"I'm sending for more seed. Don't know what I'll do with it all, but here goes, just to help the good work along—many a dark and gloomy old back yard have you brightened up, and many a discouraged woman have you made happier by your wonderful work. Keep it up." Mrs. Pearl Snodgrass, McMinnville, Ore.

Needs More Ground

"Well Joe, it's now ten years since I first heard from, and about you, and in my dealings with you I have always found you more than square, also the fairest man to deal with in prices, so much so that in the near future I'll either have to quit dealing with you or you'll have to send me a larger garden. I am sending for more seeds, not that I need them, it's your low prices that get me; I don't know where I'll put them all but I just can't resist your bargains." H. L. Ulrich, Detroit, Mich.
